so did we already get the proof guiliani said would shock america? and what was it? was it the georgia thing?

there's tons of proof. it's just missing the canned audience reaction like on tv and the news won't react to it. this has been more like watching the larry david show with no fake audience reactions, than say, the Cosby show that tells you when to react.

ok but guiliani himself said there would be MORE proof which we haven't seen before and that it would shock the country. i was asking about THAT proof, not the proof we've already seen.

"The proof has been presented", does not mean more proof won't be presented or that all proof has been presented. G's certainly not going to present it NYE or New Year's day. I got the vibe that proof will drop just before the college meets or during debates of the challenged electoral votes.

No, you're just obviously a shill lol We will have irrefutable evidence that all major news networks are taking orders from China. That a large amount of our elected officials are as well.. this will all happen before January 6th. If you have any photos of yourself on any antifa related pages, I had heard you want those to be taken down before then..

That proof would have shocked everyone... If journalists actually did their job and reported it like they were supposed to.

The only ones who were shocked are those actively looking for it and are willing to listen.

based on how things have gone i don't put any stock in any shit that people here are waiting on anymore. maaaaybe something happens on the 6th, MAYBE. but it prob won't be anything at all like anyone here expects or predicts or like any of the theories. because people here have had a million theories or predictions since election night and not one of them has come true. i knew most wouldn't, but with a track record like that i'm not going to even consider anything that i see floating around here. the dni report has been one of the recent bigger things people have talked about, so imo that means it's probably another juicy nothingburger.

um no. just about a week ago or so, guiliani said there would be new proof which would shock america. that we haven't seen before. the thing you're describing came out about half a month ago. so it can't be it.

This country needs one thing to help us heal and move forward so we can kick China the hell out - and that is, Perp Walks. Lots and lots of perp walks of high level traitor scum, on viral video. It doesn't matter that the traitorous jackasses in our media will frame it as something Trump is doing wrong - nobody believes them anyway. Normies need to see perp walks of shame, all day and night on telly and everywhere.

We've already exposed them. We already have plenty of proof. This isn't the problem.

The problem is inaction. No one in DC is doing anything about it.

So we will. Jan 6th

I'm down with the time to expose them part. Recordings, emails, phone records, something about to be released showing Biden, Governors, others knew and coordinated it all? That would certainly set up the situation on the 6th in our favor one would think.

What states flipped before xmas like you said? None. You said states would be flipping and nothing at all has happened. I think you are slow walking this for the 20K plus expenses you get a day. Powell or anyone else would

be telling Trump to take action and not sit on his ass. If Trump turns us over to Biden this won't be called the Donald anymore.
